

Expand business without travel

Arab Pharma Manufacturers' Expo VIRTUAL EXHIBITION redefining business process with most COST EFFECTIVE business model to business with the Arab nations (Middle East & North Africa)

Healthcare manufacturing is the top priority across the globe. Pharma companies are investing and expanding their manufacturing facilities across the world in general and among the Middle East and North African countries in specific.

ARAB PHARMA MANUFACTURERS' EXPO - an international exhibition on complete pharma manufacturing focusing 20 Arabic countries in Middle East & North Africa (MENA) region will going to be organized as the VIRTUAL EXHIBITION - the first of its kind with highly resourceful features.

Due to health & safety limitations of the pandemic, it is worthwhile to avoid to organize the physical exhibitions, while the Virtual Exhibition applies latest technical aspects to offer the optimum business networking domain bypassing all the limitations (Social Distancing, Travel, Logistics, Vulnerability to infectious diseases, and many more associated risk factors). Virtual Exhibition offers an excellent cost effective product / services resourcing opportunity to network and explore to connect with the targeted solution provider.

An outstanding benefits of the ARAB PHARMA MANUFACTURERS' EXPO 2020 (Virtual Exhibition) - [APME VE 2020] - are; to accelerates an instant business connectivity, global exposure without any geographical barriers, ease of accessibilities and business networking through Mobile / Laptop / PC, longer exhibit hours and more exhibit days, Live chat to engage prospective suppliers, Live Webinars , real-time experience with negligible investment, options of affordable packages for cost effective participation, and the most important is to bypass several other associated COSTS (Travel, Logistics, Accommodation) and TIME.

The most unique feature of the ARAB PHARMA MANUFACTURERS' EXPO (Virtual Exhibition) is incorporation of complete spectrum of more than 500 categories of the products / services under 18 sections to make the entire process of the visitor highly user friendly and product specific. This will be the very first time in the world for any virtual exhibition on pharma manufacturing.

The schedule of APME VE 2020 will be September 5 to 10, 2020 and the virtual venue will be www.ArabPharmaExpo.com, and is being jointly organized by AUPAM (Arab Union of the Manufacturers of pharmaceuticals and Medical Appliances) and GPE EXPO PVT LTD, and is Supported by Indian Drug Manufacturers' Association (IDMA).

The APME VE 2020 will be the first ever digital in the Arab nations edition being organized after highly successful first two edition in physical format organized at Amman, JORDAN, which were remained highly informative for pharma buyers and manufacturing plant professionals from the MENA region. TECHNOLOGY WEBINARS will be the concurrent event alongside the Virtual Exhibition.

The focused pharma markets of the APME VE 2020 are: Algeria, Bahrain, Egypt, Iraq, Jordan, Kuwait, Lebanon, Libya, Mauritania, Morocco, Oman, Palestine, Qatar, Saudi Arabia, Somalia, Sudan, Syria, Tunisia, UAE, Yemen.
