Postponement of PharmaLytica 2020

Dear Sir/Madam,

After serious consideration and close consultation with our stakeholders, exhibitors and industry partners in the pharma industry, Informa Markets in India, the organiser of **PharmaLytica 2020** has decided to postpone its signature event to **September 9-11, 2020, the Bombay Exhibition Centre, Mumbai**. The event was originally scheduled for 10-12, June 2020 at the same venue.

The decision to postpone the event was a difficult but a necessary move in light of the global threat currently posed by COVID-19 and the subsequent stringent safety measures. We sincerely apologise for any inconvenience this may cause you. We believe the new dates will allow more time for normality and confidence to return to the marketplace, ease travel restrictions and provide all-around better conditions for exhibitors and visitors to engage. The PharmaLytica team will reach out to all parties regarding further logistics and planning.

In the meanwhile, we will continue to provide more solutions for the pharma community through our digital platforms. We are sure this will help our community sustain their critical business conversations and engagement.

We wish to thank all our customers and partners for their support, open discussions and encouragement. Our sole focus remains to provide an event of enhanced quality, with more exhibitors and qualified trade buyers to make your participation a success. As everyone has been reminding us, great things happen when the community comes together.

The latest information will be available at www.pharmalytica.in.
